## VR Toolbox: Medieval Castle Crack Activation

Download ->->->-> <http://bit.ly/2K0SQKi>

### About This Content

We've taken down the medieval props from the Workshop and created a free DLC package for everyone! The days of medieval enthusiasts rooting through the workshop to find all the pieces for the set is no more!

All props have an alternate material (available on your vr controller's radial dial menu) for changing them to an alternate color or metal shader.

\*The props in the medieval room are positionally locked. You can unlock all props and move them around by pressing the menu button once while pointing at each prop.

\*The included room and props are themed after MyDream Interactive's favorite Netflix show! Be the King of your own castle in the north!

#### Medieval.room

This room starts you inside your own medieval castle chambers. Decorate it and arrange it to your taste!
